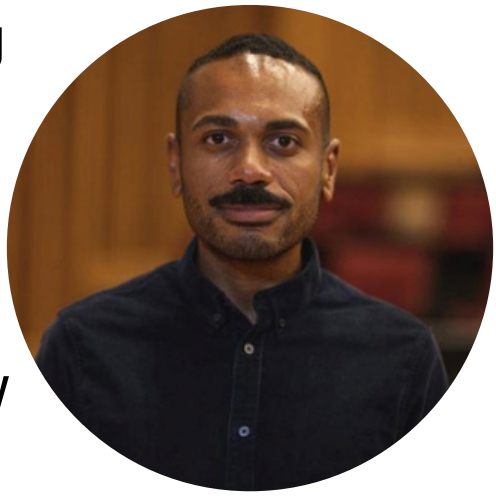
Demography Seminar

Tuesday, April 4th

12:15pm-1:30pm
8417 Sewell Building



Michael Esposito
Washington University
in St. Louis
Department of Sociology

Historical Redlining & Contemporary Racial Disparities in Neighborhood Life Expectancy

Dr. Esposito investigates how broad, racialized social systems - and their constituent institutions - are configured in ways that layer privileges on white populations and hazards on BIPOC populations. His research seeks to understand how these systematically-distributed privileges and penalties arrive on population health.
