CDE Visiting Scholar Lecture

Thursday, May 18th
12:15pm-1:30pm
8411 Sewell Building

Sojung Lim
Utah State University
Yun Kim Population Research Laboratory

Nonstandard Employment and Marital Instability in South Korea

Dr. Lim is engaged in several research projects examining 1) the impact of recent labor market changes on individuals and families in the U.S. and East Asia; 2) cross-national research on family changes and inequality in Europe, the U.S. and Asia; 3) family and gender inequality in Utah and Intermountain Region; and 4) determinants and mechanisms of health disparity in the U.S. and Asia. Dr. Lim will be visiting the Center for Demography and Ecology from May 15th through May 19th.
